Past Performance

Air Force (AFNWC - Hill AFB) - IMDB Support Services

GoldenTech proudly supports the ICBM Directorate/MIII at Hill AFB on a 5-year contract. Our cleared personnel provide lifecycle sustainment and serialized asset management support to the ICBM Directorate. We are proud to support a mission critical, national security weapons system. Our team is responsible for supporting 494 modules on a complex Oracle 12c system. We obtain and maintain ATO and RMF documentation in SIPRNet eMASS.

NAVAIR - F35 JPO FMS Knowledge Mgmt Support Services

GoldenTech designs, supports and sustains the air-gapped network for 6 FMS nations

Secure VTC Services - USARC Ft. Bragg

GoldenTech provides Command, Control, Communications, Computers and Information Management (C4IM) support for Secure and non-secure VTC/AV, and teleconference telephone support for the USAR and USACAPOC at Ft. Bragg

Transition Assistance Program IT Support

GoldenTech provides Tier 1 and Tier 2 IT and Network infrastructure support on base at Ft. Jackson, SC.

ALTESS Datacenter and PM Services

GoldenTech provides PM, Expert Enterprise Software Support to the PD ALTESS data center in Radford, VA and Ft. Bragg, NC.

Commercial-Duke Energy GoldenTech provides SME support to mission partners like Nuclear IT, Transmission, Distribution and Smart Grid. Our work includes large enterprise level, systems integration efforts that include ABB Asset Suite, IBM Maximo 7.6, NuclearIQ, LIMS SampleManager and more.
