NASA SEWP VI

Ordering Guide

Golden Tech Systems Inc.

01 NASA SEWP Overview

NASA Solutions for Enterprise-Wide Procurement (SEWP) VI is a Government-Wide Acquisition Contract (GWAC) — a multiple award, Indefinite Delivery, Indefinite Quantity (IDIQ) acquisition program for Information Technology, Communication, and Audio-Visual (ITC/AV) products and services available to all Federal agencies and their approved contractors.

Golden Tech Systems Inc. holds prime contract positions on NASA SEWP VI under two service categories: Category B — Enterprise-Wide ITC/AV Service Solutions, supporting customized, agency-wide strategic ITC/AV service engagements; and Category C — ITC/AV Mission-Based Services, supporting customized, mission-level ITC/AV service solutions tailored to individual program requirements.

GoldenTech will provide all management, supervision, labor, and resources necessary to perform each requirement solicited through either contract on a task order basis.

About NASA SEWP

NASA SEWP (pronounced "soup") provides the latest ITC/AV solutions and services for all Federal agencies and their approved contractors. Created in 1993, SEWP I was the first GWAC in the federal acquisition space. SEWP has continually evolved over 30+ years, expanding its scope to meet customer needs. The program is self-funded through a 0.34% usage fee and processes more than 50,000 orders per year across the Federal Government.

02 Contractor Capabilities

Across both SEWP VI tracks, GoldenTech delivers enterprise-wide and mission-based ITC/AV service solutions including:

- IT infrastructure and network engineering
- Cybersecurity and information assurance
- Cloud modernization and integration
- Program and project management
- Systems administration and operations
- Audio-visual design, integration, and support
- Professional and technical support services
- Telecommunications systems and support

03 Contract Information

Category B — Enterprise-Wide ITC/AV Service Solutions
Contract No.: 80TECH26D0431
NAICS: 541511
Period: Nov 1, 2026 – Oct 31, 2036

Category C — ITC/AV Mission-Based Services
Contract No.: 80TECH26D1057
NAICS: 541511
Period: Nov 1, 2026 – Oct 31, 2036

SEWP Surcharge: **0.34%**

UEI: **SBMCMWAL73G4**

SEWP Contract Holder Info: **https://www.sewp.nasa.gov/sewpvi/**

04 Fair Opportunity & RFQ Rules (Clause A.1.13)

Federal agencies ordering through NASA SEWP VI will be provided fair opportunity at the individual order level in accordance with FAR Part 16.505(b), including through the SEWP RFQ tools. No documentation for order selection is required to be submitted with the order — all such documentation is maintained by the issuing procurement office.

GoldenTech may only market, quote, or offer IT solutions that are listed under this contract and available in the SEWP database of record.

Responding to Requests for Information (RFIs)

If the Government issues an RFI as part of market research, GoldenTech may include items not yet listed on the SEWP contract provided that:

- All such items are clearly marked as not yet available on the contract; and
- A technology refreshment request is submitted to add those items.

Responding to Requests for Quotes (RFQs)

If the Government issues an RFQ or Market Research Request (MRR), GoldenTech may only respond with items currently available on the contract. Pricing shall not exceed the price listed in the SEWP database of record (Attachment F) at the time the quote is issued. If GoldenTech has insufficient items to fully respond to a formal RFQ, we will respond with a No Bid unless partial quotes are specifically permitted.

Quote Validity & CHUM Compliance

All quotes submitted to government end-users will clearly state the validity period of the quote. GoldenTech will honor any order submitted within that stated period. When responding to RFIs or RFQs through the NASA SEWP online quoting system, GoldenTech will respond in accordance with Attachment C — Contract Holder User Manual (CHUM).

Prohibited Use of SEWP Information

Contract holders are prohibited from using Government information posted on the NASA SEWP Contract Holder Only Page (RFQs, RFIs, etc.) for any purpose other than proposing on SEWP requirements. This includes providing SEWP information or requirements to third parties for the purpose of assisting companies that are not SEWP contract holders.

05 Ordering Process

Ordering through GoldenTech's NASA SEWP VI contract is straightforward. Follow the steps below:

Step 1 — Determine Requirements

Identify your agency's ITC/AV service requirements and confirm they fall within SEWP VI's scope (Category B for enterprise-wide or Category C for mission-based needs).

Step 2 — Issue an RFQ or MRR

Use the NASA SEWP online quoting system to issue a Request for Quote (RFQ) or Market Research Request (MRR) to GoldenTech and other applicable contract holders.

Step 3 — Receive Quote from GoldenTech

GoldenTech will respond with a compliant quote for items available on our contract. Contact our SEWP POCs directly for questions or pre-solicitation discussions.

Step 4 — Award Task Order

Select GoldenTech based on fair opportunity evaluation. No separate source selection documentation is required to be submitted with the order — maintain it in your office.

Step 5 — Performance

GoldenTech provides all management, supervision, labor, and resources to perform the requirement. Our team will coordinate directly with your COR throughout performance.
